MINUTES – October 10, 2007 KCRA Meeting

TREASURER'S REPORT: (See attachment to this newsletter)

Was given by the Secretary-Treasurer.

MINUTES: The October, 2007 meeting opened with a prayer by Gary Hansen, K8YSZ in memory of our past president, Lee J. Royce, who passed away the afternoon of October 10, 2007 at the Marquette General Hospital. A moment of silence was observed.

After the roll call of officers, four new members were accepted (See Applications for Membership, above) and by a motion to accept by Roy, WB8ZYL, seconded by David, KD8CGA, all four became members of the KCRA, Inc. Welcome to you all! A treasurer's report by George, W8FWG was given (See the enclosed report) The **ENGINEER'S REPORT:** showed the moving to the first floor of our repeater, the telephone line problem in August solved, the interference report received and the work done (adding a band-pass filter to the receive side of the system), and an explanation by W8FWG of our ongoing agreement with Keweenaw County to remain at this site in the future. A new company called "Air-Cell" will be setting up a new transceiver, building tower and antenna system, at this site, and will

provide additional income to Keweenaw County. At this writing there is no interference from the new system. **A/T COMMITTEE REPORT:** None. There was only one A/T Committee member present, the Chairman, Gary, K8YSZ. **CORRESPONDENCE:** Our call sign of K8MDH expires in December.....Do we wish to renew it for another 10 years? (This item added after the meeting closed, and will require executive board action before the next meeting in January of 2008). Under **OLD BUSINESS:** a brief discussion of why we chose the “carrier only” option over a PL tone on the repeater. (simplicity for all operators).**NEW BUSINESS:** It was mentioned that the LSPR Road Rally will be here on October 26 and 27, and permission is hereby granted for them to use the “315” repeater for safety purposes during the rally.

ELECTION OF OFFICERS:

The following were elected by a unanimous vote for the years: 2007/2008:

President: Gary L. Hansen, K8YSZ
Vice President: Howard F. Klann, KD8ABP
Secretary-Treasurer: George R. Thurner, W8FWG
A/T Committee Members:
 Glenn P. Ekdahl, WA8QNF
 Paul A. Kemppainen, KC8FLK
 David S. Sheffer, KD8CGA (New)

DISCUSSION OF PL TONES:

PL Tones on the repeater. We went from PL-100.0 to PL107.2, back PL100.0 and finally NO PL Tone. It was the wish of the membership to have no PL tone on the repeater at all, unless we experience a lot of interference. Since the change can be made remotely, (by Control Operators) this turns out to be the best method, and we are now operating with NO PL-TONE on the repeater.

NEW BUSINESS: It was suggested by Terry, W8FMR that a preamp on the receive side might be beneficial to the increased sensitivity of the repeater, (George, W8FWG will check out the possibility of getting a preamp for this system with Bill Becks, WA8WG). Jon, N8HZH spoke of the recent linking of the “64” repeater by the Marquette club with another repeater in Munising, making for better coverage in that area.

ARRL INSURANCE: We are not eligible, since we are not an affiliated club. (Added by W8FWG, because of an inquiry at the July meeting).
